

# SafeWay

Safe Routes, Secure Journey

## Context

**E-hailing drivers navigate through unfamiliar neighborhoods,  
uncertain of the safety risks**

# Pilot Study

Ivy & Patrick, E-hailing drivers in Nairobi

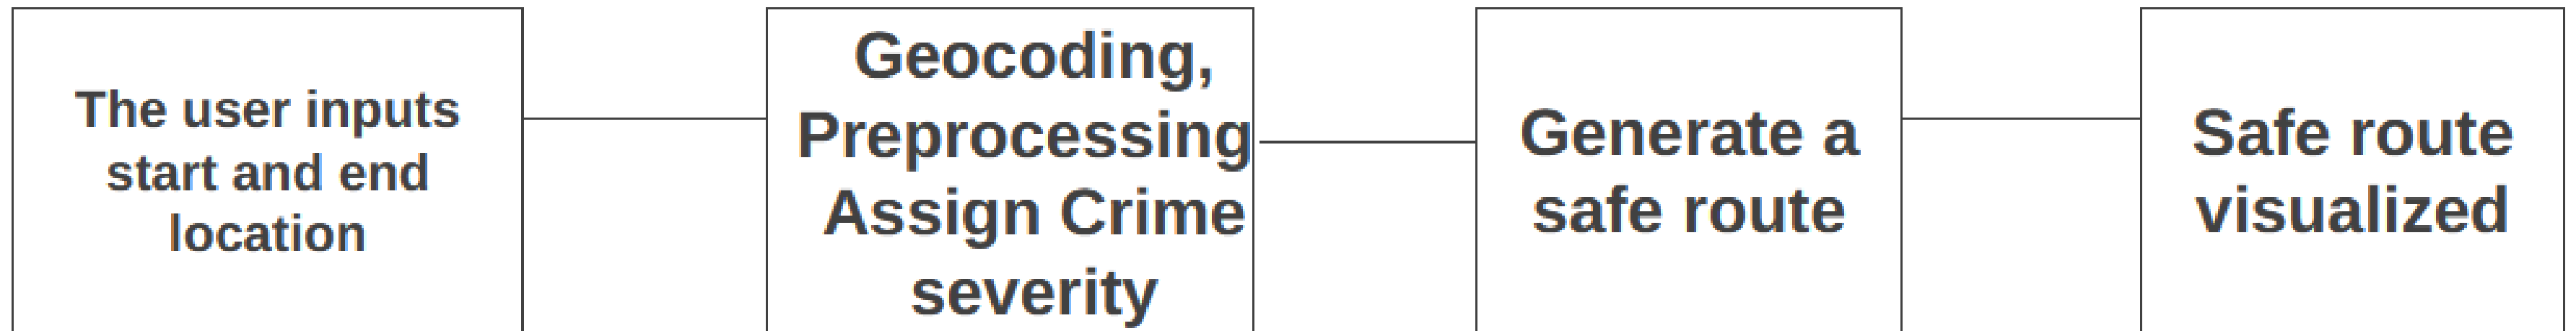

## Pilot Study

**The e-hailing drivers reinforced the need for a reliable system**

## Proposed Approach

**A model that provides safer routes**

# Proposed Solution

## Potential Benefit

**Increase safety of e-hailing drivers especially at night**

# Responsible Computing.

Inclusion  
Accountability  
Privacy and Security  
Biasness
